Canary Council of Great Britain and Northern Ireland.*

July 2023                      NEWS ITEM

Dear Secretaries and strategy group members,

Your officers have been working on the following scheme for some time now.

The aim is to give individual fanciers a connection to the FFF by listing themselves as breeders of the Fife Canary while supporting the publication of our magazine.

# THE FIFE FANCY FEDERATION

## “Introduce the Fife Canary Breeders Listing”

This will be a list of Breeders of the Fife Fancy Canary along with their contact email address (or telephone if no email), which is designed to enable new fanciers to have the opportunity of contacting breeders in their area for new stock or advice. By being listed you make yourself available for contact aiding the relocation of your surplus breeding stock while at the same time giving advice where requested.

Breeders will be listed in their county of residence making it easy for a new comer to the fancy to have contact with current local breeders. This is open to all breeders and can include Champion or Novice fanciers who wish to support the FFF with this initiative. The listing will only be published within the FFF magazine and will require an annual payment.

For the next FFF Magazine to be published early 2024 the cost of a listing would be £ 15 (including partnerships).

For those who register prior to 1<sup>st</sup> January 2024 they will be posted a FREE copy of the magazine. (one copy per partnership) The magazine will also be available for the cost of £13 plus £2 P&P for unlisted breeders or additional copies

The 2023/24 FFF magazine will have features on leading fanciers as well as an update on the winners at the 2022 FFF shows along with full results and pictures from the 2023 FFF shows which will include full class winners listing from this years FFF show hosted by Merseyside B & FFCC.

Your listing can be confirmed when ordering your 2024 rings. Further details to follow soon.

Please spread the word on this as we feel it can benefit the FFF, the individual breeder and the fancy as a whole.

Many Thanks

Michael Gorin Jnr & Steve Dominey
