

Dear Fancier

Firstly ,I hope you and your families are keeping well in these challenging times as we get use to the new normality .There has been very mixed reports from around the fancy from a breeding season point of view with many having a bumper season but others having a nightmare with a wide range of issues from hens not feeding to dead in shell to poor fertility of cocks but I suppose that's just one of the challenges of the hobby that we all enjoy

I just wanted to touch base and give you an update from all that is going on in the Federation.
